

AAWC Patient, Lay-caregiver (or Advocate) FREE Membership Application

Sponsor: Please place your name in "Referred by" field if desired. Make copies and hand out forms to patients or place in waiting rooms.

Welcome New Member!

Yes! It is true. There is no catch. Membership to the Association for the Advancement of Wound Care (AAWC) is free if you are a patient, lay-caregiver and/or advocate of AAWC and its mission to be the leader in wound healing and tissue preservation.*

Why? By reaching out to the public and those who are suffering with wounds, we will grow in numbers. As a result, there is very much we can do together with one VOICE – OUR voice – the voice of the AAWC Family.

Your commitment to advancing the practice will help us to accomplish many important things. We'll show you our progress with an annual report every year and send you news and information that applies to you, your needs and your interests. Thank you for your dedication to advancing the practice of wound care.

**Membership is free to patients, lay-caregivers or advocates. If you are a healthcare (or related) professional, you do not qualify for this category. See "<http://www.aawconline.org>" for membership information, and the benefits and rates created especially for you.*

Required Information:

All information recorded below should be related to the new member only.

AAWC Member's Name: _____

List preferred address below for receiving membership materials. Providing an email address is very important for receiving communications, such as quarterly newsletters.

Street: _____
